A Message from Mrs Porter

We said goodbye to one of our Badgers, Harry, this week as he moved on to his next placement; we will all miss him very much, and wish him lots of luck in his new home and school.

On Monday, Mr Howley led our Road Safety Week assembly. He has also been teaching us a new Makaton sign every morning! So far we have learned the signs for chair, table, Christmas, milk, rain and for all our Class animals. What signs do you know?

TAKEHOME

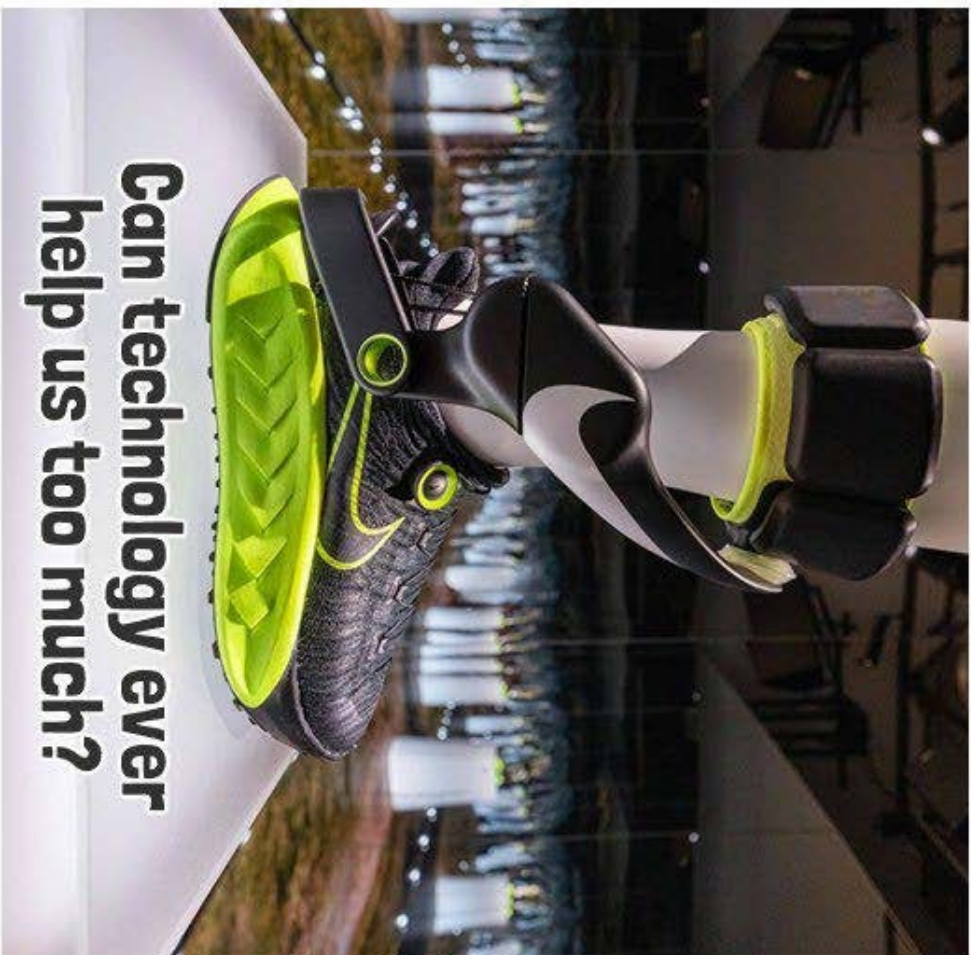

In the news this week

Nike has revealed a new type of powered shoe, called Project Amplify, which uses small motors to boost a person's walking and running movement. The shoes are designed to reduce tiredness and make everyday movement easier, especially for those who need extra support. Nike says the aim is to help people stay active, independent and mobile in their daily lives.

Things to talk about at home ...

- > Explain and share your thoughts with someone at home about the new shoe design.
- > Do you believe everyone should be allowed to use the same technology, or should some things be only for people who really need them?
- > Can you think of other technologies designed to make life easier? Which do you use?
