A message from Mrs Porter

This has been such a lovely first week back! Badgers Class put on a performance of Goldilocks and the Three Bears for the lower school classes, Dragonflies and Foxes. The younger children loved the show! Thank you, to Miss Rackham and her Badgers Team! Wishing you all a wonderful weekend!

Dates for your diary

- ◆ 5th March - World Book Day
- ◆ 25th March - Easter Assembly and egg hunt!
- ◆ 27th March - End of term, finish at the earlier time of 13:00.
- ◆ 14th April - Back to school!

School Behaviour Reports are coming home today for Spring Term 1.

Star of the Week

You have had an amazing first week back in Spring Term 2! Well done on your brilliant attitude to learning!

**GO
ALL
IN.**

**WORLD
BOOK
DAY®**

Next week it's World Book Day!

As you know, we are passionate about the importance of reading; not just because it is an essential skill in life, but because reading is fun!

On Thursday 6th March, we would love to see you dress up as your favourite character! There will be a prize for the best homemade outfit! Your World Book Day Token is coming home today too!

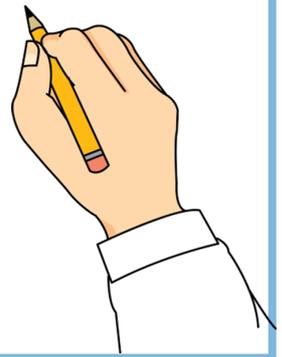

House Points - Spring

Term 1 - w/e 13th Feb'

Congratulations

to Hayden
on achieving
his pen
licence!

Work of the Week

Finley, you completed some marvellous maths and have kept up a positive attitude!

Hayden, for your awesome dragon art work! **WOW!**

Ben, for your fantastic half term snapshot early work! **WOW!**

Michael, for your great start in Foxes; completing tasks and purple pen work! **WOW!**

Theodore, for using your words to explain wants and feelings!

Homework Heroes!

Well done on completing your homework this week:

Ben, Caleb and TJW!

Keira! TJJ and Lucas!

Bobbie-Lee and Tyla!

Well done to **Luke** and **Keira** for reading your book every night at home!

TAKEHOME

23rd February - 1st March

Why do people explore space?

In the news this week

Scientists at NASA are preparing to send astronauts back to the Moon, as part of a new space programme running over the coming years. The series of missions aims to test new technology, learn more about the Moon, and help humans prepare for future journeys deeper into space. The next mission is Artemis II. The plans have sparked discussions about why people explore space and how they could help life on Earth.

Things to talk about at home ...

- > What do you already know about space or the Moon? What would you like to find out?
- > Why do you believe people choose to explore space, even though it can be difficult and risky?
- > If you could explore anywhere beyond Earth, where would you go and why?
