Accessibility Policy and Accessibility Plan

The Stables Independent School (The Stables) aims to treat all stakeholders, including pupils, prospective pupils, staff, proprietors and other members of the school community favourably and, wherever possible, takes reasonable steps to avoid placing anyone at a substantial disadvantage. The Stables aims to work closely with disabled pupils, their families and any relevant outside agencies in order to remove or minimise any potential barriers to learning, which puts them at a disadvantage, but allows them to learn, achieve and participate fully in school life. The Stables is active in promoting positive attitudes to disabled people in the school and in planning to increase access to education for all disabled pupils. As part of the school's continued communication with parents, carers and other stakeholders we regularly look at ways to improve accessibility through data collection, questionnaires and parental discussions.

The Purpose of the Plan

The purpose of this plan is to show how The Stables intends, over time, to increase the accessibility of our school for disabled pupils. Under the Equality Act 2010, schools should have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law means that "schools cannot unlawfully discriminate against pupils because of age, gender reassignment, being married or in a civil partnership, being pregnant or on maternity leave, disability, race including colour, nationality, ethnic or national origin, religion or belief, sex or sexual orientation". The Accessibility Plan is listed as a statutory document of the Department for Education's guidance on statutory policies for schools.

The Plan must be reviewed every three years and approved by the Proprietors. The review process can be delegated to a single Proprietor, the Quality Assurance Manager, the Leadership Team or the Headteacher of The Stables.

Definition of Disability

A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities.

What will the Accessibility Plan do?

1. The Accessibility Plan is structured to complement and support The Stables' Equality and Diversity Policy.
2. The Stables is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their educational, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the school.
3. The Stables' Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school within a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practicable.

The Accessibility Plan contains relevant and timely actions to

- Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as prepared for life as are the able-bodied pupils. This encompasses teaching and learning and the wider curriculum of the school such as participation in life skills and enrichment curriculum sessions, leisure and cultural activities or school visits. It also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe
 - Improve and maintain access to the physical environment of the school, adding specialist facilities as necessary – this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe
 - Improve the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include hand-outs, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe
4. Appropriate training will recognise the need to continue raising awareness of equality issues for the Stables community to comply fully with the Equality Act 2010.
 5. This Accessibility Plan should be read in conjunction with the following policies, strategies and documents:
 - Promoting Positive Behaviour and Relationships Policy
 - Curriculum Policy

- Equality and Diversity Policy
- Health & Safety Policy
- Complaints Policy
- The Stables School Development Plan

6. The Accessibility Plan will be available on request.

7. The Accessibility Plan will be monitored by the Headteacher in The Stables and the organisation's Quality Assurance Manager and reported to the Proprietors.
